Subject: Wyoming Regional Haze

Hi all:

I was just talking to Crystal about the public comments for Wyoming RH. The comment period closes on 8/26 and we expect that everyone will wait until the 26th to post public comments to the docket. I expect the amount to be quite massive, especially the amount of exhibits we receive from industry. We need to get the documents uploaded into regulations.gov as soon as possible so our contractor and us can start work. I think, after talking to Crystal, that it is going to take an effort from all three of you so I am hoping you can clear your schedule for the afternoon of the 26th and all day on the 27th to get the documents uploaded. Crystal can coordinate between the three of you on how to divide up the process. Let me know if you have any questions or are unavailable on the dates mentioned. Thanks
